Honorable Orville L. Freeman
Secretary of Agriculture
Washington 25, D. C.

Dear Mr. Freeman:

In my letter of 19 May 1962 I agreed that it would be desirable to review existing channels of communication between our respective Departments and that we would study your proposal regarding the conduct of future interagency liaison.

We have concluded that much of the difficulty and misunderstanding that has existed in the past could be eliminated if a central control point were to be established in CIA to coordinate interagency visits concerning classified matters. Accordingly, Mr. Paul A. Borel, Assistant Director for Central Reference has been designated the control point. One of the continuing functions of the Liaison Staff in his office will be to furnish your Department Security Officer a current list of names and security clearances of CIA liaison officers authorized to contact your Department. The first of such lists is attached and each person on it has been instructed to make initial contact with Mr. John E. Francis, Department Security Officer (or, alternatively, Mr. Carl B. Barnes, Director of Personnel) as outlined in your letter of 1 May 1962. In turn, we would request that your Department Security Officer clear all visits to CIA installations by Agriculture personnel through our Liaison Staff.
